

THE NEW GRETSCHE RENEGADE SERIES

The Gretsch Renegade series is a complete drum set package designed specifically for the entry-level drummer and packed with value. Toms have "quick" sizes, which provide punchy tones and allow for lower positioning that benefits younger drummers. Hardware is double-braced and includes stylized Gretsch Renegade pedal boards and a comfortable drum throne. 13" hi-hats and 18" crash/ride brass cymbals are also included. All shells are 9-ply basswood with 45-degree bearing edges. Other features include ball-style tom holders, adjustable bass drum spurs and metal BD hoops with matching inlay.

Configurations:

Euro Rock - 22x16 bass drum, 10x7 tom, 12x8 tom, 16x14FT, 14x5.5 8-lug snare

Fusion - 20x16 bass drum, 10x7 tom, 12x8 tom, 14x12FT, 14x5.5 8-lug snare
