

Bass

Bottom Line

Combos for electric bass

240
watts

Amp two

Amp two is the second member of the Bottom Line combo bass amps. In line with Amp one, but with more defined speakersystem and more power. A 12" neodymium woofer for quick and full bass response combined with a 4" mid-high direct radiating speaker for gentle trebles allows a wider range of sounds from funk to pop and rock to jazz.

As further difference to the Amp one the signal path is lead trough adjustable compression pre EQ to provide even more dynamic headroom.

- 240 watts, dynamic control
- 12" (300 mm) woofer neodymium alloy magnet plus a 4" (100 mm) mid-high direct-radiating speaker
- Single channel bass combo
- Compressor with ratio and threshold
- 23,50 kg (51.70 lbs)

Inputs

input 6.3 mm (1/4") input jack socket as high impedance line input stage with pad (high/low attenuation).

Tone Controls

equalizer three band tone controls

colour 'mid-cut-treble-boost'-filter

bass boost +10 dB / 55 Hz

tone balance the tone balance enables the bass- or treble emphasis or a combination of both

effect Compressor with ratio and threshold

Power

power amp 240 W / 8 ohms, dynamic control

analog signal processing subsonic filter, low distortion
RMS limiter

Speaker System

12" (300 mm) woofer neodymium alloy magnet
4" (100 mm) mid-high direct-radiating speaker

Features

headphones, line out pre/post master switchable, sub out, footswitch (muting and effect on/off), send, return, insert pre/post EQ, adjustable aux in, tuner, adjustable hf level, adjustable pre/post EQ DI-out, ground lift

Accessories

padded gigbag
