

Bass

Bottom Line

Combos for electric bass

200
watts

Amp one

It seems like we have done it again...

Over many years you have asked us for something small for electric bass... simple, powerful and with a performance hard to believe...

And there it is – the AER Bottom Line Amp one.

Based on a superb 10" in a bass reflex enclosure, in combination with a serious 200 watt power amp, more than sufficient power-supply and extended dynamic headroom – not to forget Paul's helping hands and ears – it is finally done.

- 200 watts, dynamic control
- 10" woofer neodymium magnet
- Single channel bass combo
- Compressor with ratio and threshold
- 13,50 kg (29.50 lbs)

Inputs

input 6.3 mm (1/4") input jack socket as high impedance line input stage with pad (high/low attenuation).
