

Alpha plus

acoustic
solutions
entry level

We felt the Alpha needed a bit of support, and we... a little more attention to the starting range. Besides a facelift – a different look – a bigger cabinet and a 'tuned up' power amp move the Alpha plus into a different league of performance. More volume, extended headroom in combination with the Alpha simplicity.

- 50 watts, dynamic control
- extended dynamic range
- 8" (200 mm) twin cone speaker
- Single-channel, two inputs
- digital reverb
- 7,55 kg (16.65 lbs)

Inputs

input one	combined XLR/6.3 mm (1/4") input jack socket as high-quality line- or balanced microphone input stage 24 V phantom power, gain control.
input two	6.3 mm (1/4") input jack socket as high impedance line input stage with pad (high/low attenuation) and gain control.

Tone Controls

equalizer	three band tone controls
colour	'mid-cut-treble-boost'-filter
effect	digital reverb

Power

power amp	50W / 4 ohms, dynamic control
analog signal processing	subsonic filter, low distortion RMS limiter

Speaker System

8" (200 mm) twin cone speaker

Features

headphones, line out, DI-out, external effect loop via send and return, footswitch (internal/external effect on/off)

Accessories

padded gigbag

Specifications

cabinet	15 mm (0.59") finnish birch plywood
finish	waterbased acrylic, black spatter finish
dimensions	265 mm x 330 mm x 235 mm (10.40" x 13.00" x 9.25"), HxWxD
weight	7,55 kg (16.65 lbs)

Can be combined with

AG 8 (see page 20)
AS Q8 (see page 23)
