

# Compact Mobile

acoustic  
solutions  
standard level

Musicians often asked us for a system for acoustic instruments that provides AER sound and quality everywhere... independent from the mains.

This is exactly what the Compact mobile has been developed for. Based on the Compact 60, thus identical in sound, but with adapted technology and slightly changed dimensions you can play without the mains for three to four hours. Whether you chose to play in the old town or on a glacier, the sound is always clear and omnipresent.

In case of insufficient battery power the intelligent power control gives a warning and saves you from lack of power during performance. Moreover it prevents the batteries from being completely exhausted.

- 60 watts, battery powered
- 8" (200 mm) twin cone speaker
- Twin-channel, 3 and 2 band EQ
- 4 digital effect presets (reverb and flanger)
- up to 4 hours performance independent from the mains

## Inputs

channel 1	6.3 mm (1/4") input jack socket as high impedance line input stage with pad (high/low attenuation) and gain control.
channel 2	combined XLR/6.3 mm (1/4") input jack socket as high-quality line- or balanced microphone input stage with switchable 48 V phantom power, gain control

## Tone Controls

equalizer	three band tone controls for channel 1 and two band tone controls for channel 2
colour	'mid-cut-treble-boost'-filter
effect	digital effect processor with 4 presets: 1 - 3= reverb and 4= flanger.

## Power

power amp	60W / 4 ohms, dynamic control
battery type	two high-power sealed-acid batteries 6V, 12 Ah for 3 - 4 hours of independent performance. Battery power control

## Speaker System

8" (200 mm) twin cone speaker

## Features

Aux-in, headphones, line out, DI-out, external effect loop via send and return, footswitch (internal/ external effect on/off)

## Accessories

padded gigbag

optional: special cable to supply power from cigarette lighter jack

## Specifications

cabinet	15 mm (0.59") finnish birch plywood
finish	waterbased acrylic, black spatter finish
dimensions	325 mm x 330 mm x 285 mm (12.80" x 13.00" x 11.22"), HxWxD
weight	13,85 kg (30.54 lbs)
